Brewster, Massachusetts*

Benefits of the Educational Fund

Just a few short years ago, a group of funeral directors got together to create an Educational Fund. The fund; supported by such events as the Golf Tournament and the silent auction has raised money to support the following:

- Helped provide legal support and guidance to Massachusetts funeral homes seeking information on compliance with the Federal Trade Commission's Funeral Rule
- Helped underwrite the cost of "Building a Better Business" dinner series.
- Underwriting the Hospice Outreach Program.
- Underwriting the cost of a Cremation Practices Study for Massachusetts and the Cremation Study to help better understand the number of cremations taking place in various areas of Massachusetts and to collect additional data on cremations that include funeral service.
- In conjunction with the New England Organ Bank, we've purchased and offered the "Funeral Director's Guide to Organ and Tissue Donation and Restoration" CEU program for 8 CEU's free to all members and licensees of the funeral home for the 2009 year.
- Financially supported the Funeral Service Workplace Retention Study offered in conjunction with New York, Connecticut, Illinois, Kentucky and Indiana State Funeral Associations. This study will give us a better snapshot of our future licensee situation.
- The offering of "Managing Your Message - PR and the Media - Building a Positive Image for Funeral Service"; a CEU training program for MFDA members to prepare them to "speak for the funeral".
- The retention of Image Focus as Public Relations consultants has enabled MFDA to continue to spread the word to the general public, as well as our members; about the important role of funeral service professionals.
- The distribution of professionally designed materials to help funeral directors promote funeral service as a career choice.
- Partially funded the "Next Generation Seminar" for new licensees.
